About me

I am a motivated individual with a strong interest in Data Analytics. I have developed practical skills in SQL, MySQL, MS Excel, and Power BI, along with a basic understanding of data cleaning, data visualization, and reporting.

I enjoy working with data, identifying patterns, solving problems, and turning information into meaningful insights. I am continuously improving my technical and communication skills and looking for an entry-level Data Analyst opportunity where I can learn, contribute, and grow professionally.

I am a quick learner, responsible team player, and passionate about building my career in the field of Data Analytics.

PROJECTS

Data Analytics Projects | GitHub Portfolio

Completed multiple hands-on projects using Microsoft Excel, SQL, MySQL, and Power BI. These projects include data cleaning, data analysis, database querying, dashboard development, and data visualization. All project files and related work are available on my GitHub portfolio.
